Who We Are

Yesod Bible Center is an online Bible school equipping believers worldwide.

Our Mission

To affirm and teach the foundational truth of Messiah Yeshua as the cornerstone of life and the ultimate authority for salvation, grounding our faith and ministry in the infallible Word of God.

Whether you are a beginner or a seasoned believer, our courses will help you deepen your understanding of the Bible and strengthen your faith.

What We Do

Yesod Bible Center offers online courses in biblical, theological, and apologetics topics designed to equip believers for effective ministry. We bridge the gap between academia and the church through the shared heritage of God's Word. We also partner with churches and theological institutions to host conferences, seminars, and outreach events that defend sound doctrine, deepen understanding, and draw people closer to the God of Israel through Messiah Yeshua.

What Is Yesod?

Yesod is Hebrew for "foundation," and that's what we aim to build—firm, biblical foundations for a life of faith and service.
